

KONE KDS 220 SIGNALIZATION

Excellent usability and durable materials make the KONE KDS 220 a reliable choice.

Add the finishing touch to your elevator with our user-friendly KONE KDS 220 signalization. Whatever your elevator car interior, the timeless design of KONE KDS 220 is an easy match with its carefully crafted details and stylish lines.

FEATURES

- The floor information is clear and bright with good contrast, making it easy to read at a glance.
- The black and white operating buttons are easy-to-see and durable.
- The sleek steel and tempered glass materials retain their appearance for longer.
- The faceplate finishing is durable silver brushed stainless steel.
- The display is available in white and amber segmented LED and standard LCD. For landings, the indicator is combined with the landing call station.
- The available language options are English, simplified Chinese and traditional Chinese.

Handicap COP

Display is available in white and amber segmented LED and standard LCD.

LANDING CALL STATION WITH INDICATOR (LCI)

A square with a width of 204 pixels and a height of 204 pixels. Inside the square, the number '28' is displayed in a white, digital-style font, followed by a white downward-pointing arrow.
